

MEMORY PRESERVATION KITS™

An archival box is the best protection for your cherished family documents and memorabilia. ArchivesInfo has put together the Memory Preservation Kit™ with the most basic items people need for simple preservation projects. The Memory Preservation Kit™ includes a Gaylord® document box filled with supplies to start preserving your valued items. This kit eliminates the need to buy large quantities of archival materials that you don't need for small projects.

All items are acid/lignin free and pass P.A.T. (ISO recommended for archival storage). The kit is only available by contacting ArchivesInfo directly at 603-661-7611 or melissa@mannon.org.

For a cost of \$29, the kit includes:

 <p>PASSED PHOTO ACTIVITY TEST</p> <p>ACD12105</p> <p>Pull-strings for easy retrieval</p> <p>Combination ring pull/ label holder</p> <p>One - 10 1/4 x 12 1/4 x 5 document box for letter sized items</p>	 <p>PASSED PHOTO ACTIVITY TEST</p> <p>Reinforced tab stands up to years of use</p> <p>Ten - 9 1/2H x 12 1/4"W File Folder reinforced full tab Letter</p>
